

Southern Urology Group

Public Hospital Waiting List Information

During consultation with your specialist you have agreed that you will proceed through the public hospital waiting list system for your treatment.

A form which includes your name and details will be sent to the Monash Medical Centre (Southern Health). This will enable your name and operation details to be placed on the waiting list for your surgery/procedure.

The Monash Medical Centre Urology Bookings Office will contact you **WHEN YOUR NAME REACHES THE TOP OF THE LIST.**

This could take some time. The Hospital will write to you advising a date for your treatment and you may be requested to attend a pre operation clinic. The pre-operation clinic will enable the doctors to assess your suitability for the treatment you require.

Once your name is sent to the Hospital your specialist does not have any control over your progress on the list. You must contact the Monash Medical Centre Hospital Booking Office if you have any questions about where your name is on the list.
